In exercise of the powers conferred by paragraph twenty of the Fifth Schedule to the Government of India Act, 1935, read with paragraph twenty-three of Part I of the Government of India (Provincial Legislative Councils) Order, 1936, and of all other powers enabling him in that behalf, the Governor of Madras in Council is hereby pleased to make the following rules for the preparation, revision and publication of the electoral rolls for the Madras Legislative Council:—

Introductory.

2. If any difficulty arises as to the preparation, revision or publication of any electoral roll or any list of amendments to any such electoral roll under these rules, the Governor may by order do anything not inconsistent with these rules or with any provision of the Act or of any Order in Council made under the Act which appears to him to be necessary for the proper preparation, revision or publication of the roll or of the list of amendments.

3. If any question arises as to the interpretation of these rules, the question shall be referred to the decision of the Governor and his decision shall be final.

4. In relation to the first elections to the Legislative Council the functions devolving on the Governor under these rules shall be exercised by the Governor in Council; in relation to subsequent elections, the functions under the two foregoing rules and the rules mentioned hereunder shall be exercised by the Governor acting in his individual judgment:—

5. The Ruler of an Indian State shall not be disentitled to be included in the electoral roll for any constituency if he is otherwise qualified for such inclusion, provided that he makes an application in writing in that behalf.

6. A subject of an Indian State shall not by reason only of the fact that he is not a British subject be deemed to be disentitled for being an elector of any constituency.

Section X.

TERRITORIAL CONSTITUENCIES OTHER THAN THE EUROPEAN CONSTITUENCY.

1. The rules in this section shall apply to the preparation of electoral rolls for the territorial constituencies except the European constituency.

2 There shall be a separate electoral roll for each constituency. The electoral roll shall be prepared and revised from time to time by reference to the date prescribed by the Governor in pursuance of paragraph five of the Government of India (Provincial Legislative Councils) Order, 1936. The electoral roll for each constituency shall contain the following particulars, viz., the elector's name, father's or karnavan's or husband's name, address and qualification. The names of Anglo-Indian electors shall be arranged in a separate section for each polling area of the General constituency concerned.

3. Each electoral roll shall be kept in the vernacular of the district, provided that the Governor may direct that any particular roll or part of a roll shall be kept in any other language or languages.

Provided that any of the powers and duties of the registration officer may be performed and exercised by any deputy for the time being approved by the Governor and the provisions of these rules shall, in respect of the powers and duties to be exercised and performed by him, apply to such deputy so far as they apply to the registration officer.

5. Each registration area shall be divided into separate polling areas. Subject to any general or special instructions which the Governor may issue, the polling areas shall be determined by the Commissioner of the Corporation of Madras in the City of Madras, and by the Revenue Divisional Officers in other areas:

Provided that the polling area shall be so arranged as to give all electors each reasonable facilities for voting as are practicable in the circumstances and provided also that different polling areas may be prescribed for different constituencies in the same registration area.

6. Provided that a person whose name is so entered may prefer a claim under sub-rule (*a*) of rule 12 to have his name entered in the roll of any other territorial constituency or, as the case may be, in the portion of the roll of the same constituency relating to another village or municipal ward where he possesses the necessary qualifications, and if the claim is allowed his name shall be entered in the roll or, as the case may be, in the portion of the roll desired and his name shall be removed from the roll or portion thereof where it was originally entered.

8. Not more than one woman shall at any time be enfranchised by one man's qualification. A person having more than one wife may nominate one of his wives to exercise the electoral right. The nomination once made shall be final and shall not be open to challenge.

(*c*) The fact of the publication of the preliminary roll shall be published in each ward of a municipality and in the case of rural areas in each village by beat of tom-tom.

11. The registration officer may—

(1) if the time prescribed by the Governor for the publication of the preliminary roll has not expired, within the time so fixed, or

Claims and Objections.

12. (*a*) Any person who claims to be entitled to be registered as an elector and who is not entered or is entered in an incorrect place or manner or with incorrect particulars on the preliminary roll, and any person whose name is on the roll and who objects to the inclusion of his own name or of the name of any other person whose name is on the roll may prefer a claim or an objection to the revising authority. Such claim or objection shall be sent in Form IV or V, as the case may be, to the registration officer so as to reach him on or before the date fixed by the Governor in this behalf. In case of a difference of opinion among the members, the opinion of the majority shall prevail. The decisions of the revising authority shall be final.

17. On the consideration of any claim or objection or other matter by the revising authority any person appearing to be interested thereon may appear and be heard either in person or by duly authorised agent.

(v) When a post in any of the categories 3 to 7 other than the post of kannami or mustering woman falls vacant elsewhere than in the Women's branch of the Madras Educational Department, the appointing authority shall apply to the Collector of the district concerned to suggest a suitable ex-army candidate. If such a candidate is not available, the appointing authority shall proceed to fill the vacancy otherwise than in accordance with this sub-rule.

(vi) The appointing authority shall ordinarily appoint the candidate recommended by the Collector under clause (v), provided that such candidate is qualified for the post. If, however, it is found necessary to reject the candidate, a copy of the order passed in his case giving full reasons for rejection shall be communicated to the Collector and another copy shall be forwarded to the Chief Secretary to Government, Public (Military) Department.

6. *Probation.*—No person shall be eligible for appointment as a full member of the service in any category until he has been on probation in such category or in a higher category for a total period of one year on duty within a continuous period of three years.

7. At any time before the expiry of the prescribed period of probation the appointing authority may—

(i) suspend the probation of a probationer and discharge him from the service for want of a vacancy; and

(ii) at its discretion by order terminate the probation of a probationer and discharge him from the service.

8. (a) (i) If at the end of the prescribed period of probation the appointing authority considers the probationer to be suitable for full membership, it shall, as soon as possible, by an order declare him to have satisfactorily completed his period of probation. On the issue of that order the probationer shall be deemed to have satisfactorily completed his period of probation on the date of the expiry of the prescribed period of probation.

(ii) If, at the end of the prescribed period of probation, the appointing authority does not consider the probationer to be suitable for such membership it shall, by order, discharge him from the service.

(iii) If no order is issued by the appointing authority under clause (i) or clause (ii) of this sub-rule within three months after the expiry of the prescribed period of probation the probationer shall be deemed to have satisfactorily completed his period of probation on the date of the expiry of the prescribed period of probation.

Explanations.—(1) "Prescribed period of probation" means the period of probation specified in rule 6.

(2) "Period of probation" of a member of the service means the prescribed period of probation together with—

(1) the period until the issue of an order under clause (i) declaring the probationer to have satisfactorily completed his period of probation; or

(2) the period until an order discharging the probationer under clause (ii) takes effect, or

(3) the period referred to in clause (iii).

(b) An order discharging a probationer issued under clause (i) or clause (ii) of sub-rule (a) shall have effect from the date on which the probationer is discharged.

(c) No order passed under clause (ii) of sub-rule (a) shall be based either wholly or in part upon the probationer's work or conduct after the expiry of the prescribed period of probation.

9. *Seniority.*—(a) The seniority of a member in any category of the service shall be determined by the date of his first appointment to that category.

(b) Where the date by which seniority is determined under sub-rule (a) is the same in the case of two or more members of the service, their seniority *inter se* shall be determined by the appointing authority.

10. *Discharge and reappointment.*—(a) (i) The order in which probationers and approved probationers in any category shall be discharged for want of vacancies shall be

first, probationers in order of juniority, and

second, approved probationers in order of juniority.

(ii) Approved probationers and probationers who have been discharged for want of vacancies shall be reappointed as vacancies arise in the inverse of the order laid down in clause (i).

(b) This rule shall apply separately to the jurisdiction of each appointing authority.

11. *Appointment of full members.*—(a) All appointments of approved probationers as full members of the service shall be made by the appointing authority.

(b) An approved probationer shall, if a substantive vacancy in the permanent cadre of the category for which he was selected exists, be appointed to be a full member of the service in such category at the earliest possible opportunity; and if such vacancy existed from a date previous to the issue of the order of appointment, he may be so appointed with retrospective effect from such date or, as the case may be, from such subsequent date from which he was continuously on duty as a member of the service in such category or in a higher category:

Provided that where more than one approved probationer is available for such appointment as full member, the senior most approved probationer shall be appointed.

(c) This rule shall apply separately to the jurisdiction of each appointing authority.

12. *Special provision for appointment of choukidars in the Secretariat.*—Notwithstanding anything contained in these rules appointments of choukidars in the Secretariat (category 4) shall be so distributed among the various communities as to secure that a sufficient number of hands is available for duty on sectional holidays.

13. *Promotion.*—(a) All promotions shall be made by the appointing authority.

(b) Promotion shall be admissible from a lower post or category to a higher post or category within the jurisdiction of each appointing authority.

(c) (i) Promotion to a selection category shall be made on grounds of merit and ability, seniority being considered only where the merit and ability are approximately equal.

(ii) All other promotions shall be made in accordance with seniority unless—

(1) the promotion of a member has been withheld as a penalty; or

(2) a member is given special promotion for conspicuous merit and ability.

(d) A member of the service promoted from one category to another shall be on probation in the latter category for a total period of one year on duty. The promotion of a member from one category to another shall, as regards probation, be treated in the same way as a first appointment to the service in the latter category and the provisions of rules 7, 8, 10 and 11 shall *mutatis mutandis* apply.

Explanation.—In the case of a person who is on probation under this sub-rule "discharge during probation" shall mean reverting him to the category from which he was promoted.

14. *Postings and transfers.*—All postings and transfers from the jurisdiction of one appointing authority to that of another shall be made by the authority to which such appointing authorities are administratively subordinate.

15. *Staff of members of Executive Council and Ministers.*—The following rules shall govern the appointment of peons for attendance on Members of the Executive Council and Ministers:—

(a) With effect from the 21st November 1936 the cadre of such peons shall be temporary.

(b) Members of the Executive Council and Ministers may select such persons as are in their opinion suitable for appointment as their peons but a person so selected shall not by reason only of his appointment under a Member of the Executive Council or a Minister as the case may be, be regarded as appointed to the service, nor shall such appointment confer on him any preferential claim for appointment to any service.

(c) One of the peons employed under each of the Members of the Executive Council and Ministers and specially selected by the Member or the Minister concerned shall be designated chobdar and be entitled to wear the chobdar's livery. Another peon similarly selected shall be designated senior peon and be also entitled to wear the chobdar's livery.

(d) Any person who on the 21st November 1936 was holding substantively a post of peon or chobdar under a Member of Executive Council or a Minister, shall not be affected by this rule. But his post shall be abolished as and when he vacates it substantively and in lieu thereof a temporary post shall be created.

16. *Pay, allowances, leave, leave salary, pension and other conditions of service.*—The Fundamental Rules, the Madras Leave Rules, 1933, and the pension rules for the time being in force shall, in so far as they may be applicable, govern the members of the service in the matter of their pay, allowances, leave, leave salary, pensions and other conditions of service.

No. 167.—

The following press communiqué of the Government of India is republished :—

HOME DEPARTMENT

Simla, the 27th April 1936.

The following announcement by the Secretary of State for India in Council is published for general information :—

It is now more than ten years since it was decided to recruit for the Indian Civil Service, each year an equal number of Europeans and Indians by means of competitive examinations, one held in London and open to both Europeans and Indians, and one in Delhi for candidates domiciled in India only. Recruitment in India is carried out subsequently to recruitment in London and the number of vacancies to be filled from the Delhi examination is arrived at by deducting the number of Indians recruited in London from the number of Europeans recruited. It follows, that, unless the number of Europeans recruits is considerably in excess of the number of Indians recruited in London, it is impossible to offer an adequate number of vacancies for recruitment in India.

Experience has shown that, owing to the obligation imposed by the existing Government of India Act that candidates from the London examination shall be appointed in the strict order in which they appear in the competitive list, the system introduced in 1925 has been defective in two respects: too few vacancies have been available for competition at the Delhi examination, which has therefore not taken the prominent position as a source for the recruitment of Indians which was intended; and it has not been possible to obtain from the London examination the required number of European recruits, with the result that recruitment on a 50: 50 basis has not in recent years been maintained. The Secretary of State has therefore decided that, as soon as section 244 of the new Government of India Act comes into force, the system of recruitment designed to secure a normal annual intake of Europeans and Indians in equal numbers shall be revised on the following lines :—

Special measures will be taken to remedy the under recruitment of both Europeans and Indians in recent years. It is intended to make good the shortage by recruitment, over a number of years, of candidates who have taken a good Honours degree at an approved University and who are recommended for appointment by a Selection Committee acting with the assistance of the Civil Service Commissioners.

In England the recruitment of European and Indian officers by examination, in conjunction with the examination for the Administrative Class of the Home Civil Service, will continue to be the normal method of entry. Candidates will be appointed only if they come up to a standard prescribed by the Secretary of State, in consultation with the Civil Service Commission. This standard will be the same for both Europeans and Indians.

The Delhi examination will become, as was originally intended, the main channel of Indian recruitment. But in order to provide for Indians educated in the British Isles, a limited number of vacancies at the London examination will remain open to such Indians as have taken an Honours degree or its equivalent at an approved University in the British Isles, after at least two years' residence. This requirement will not be enforced in full until 1939: for Indian candidates competing in London in 1937 and 1938 the requirement will be residence for one year and two years respectively but an Honours degree need not have been taken. The number of vacancies open to Indians competing in London is not likely to exceed 12 in 1937, 10 in 1938, 8 in 1939 and 6 in 1940 and subsequent years.

Should there be any deficiency in recruitment from the London examination, due to the failure of a sufficient number of candidates to reach the prescribed standard, it will be made good, in the case of Europeans, by selection on the lines indicated in the third paragraph of this announcement, and in the case of Indians, by adding to the intake from the Delhi examination.

Hitherto, candidates recruited in India have been required to spend two years on probation in the British Isles, whereas those recruited in London have been allowed to take up their appointments after only one year's probation. The period of probation will be one year for all candidates recruited in 1937 and subsequent years, and at the same time the maximum age-limit for candidates recruited in India will be raised from 23 to 24.

C. F. BRACKENBURY,
Chief Secretary.

No. 282.—The following resolution of the Government of India is republished:—

DEPARTMENT OF COMMERCE.

TARIFF.

The 23rd May 1936.

No. 202-T (3)/35.—In the Government of India's Resolution No. 202-T(3)/35, dated the 20th May 1935, the Tariff Board was asked to examine the classification of paper for tariff purposes with a view to recommending such changes as might be necessary to give effect to the intentions of the Legislature in granting protection to printing and writing papers under the Bamboo Paper Industry (Protection) Act, 1925. The Board's report is published for general information.

2. In the course of its enquiry the Board has examined the practicability of a broad scheme of classification suggested by the Government of India, the central idea of which was the specification of non-protected papers and the grouping of all others in a residual protective class. In the opinion of the Board, it is impossible to compile an exhaustive list of papers which cannot economically be produced in India or which are not in competition with Indian products. The Board has therefore directed its attention towards making recommendations, the acceptance of which, while leaving the existing tariff substantially unaltered, will yet ensure that full effect be given to the intentions of the Legislature when it accepted the Paper Protection Bill of 1932. The Board's recommendations for amendment of the tariff are set out in the model schedule contained in paragraph 18 of the report. The most important recommendation relates to the tariff treatment of glazed hard sized buff or "badami" mechanical paper which has hitherto been treated as printing paper and by virtue of its high content of mechanical wood pulp has escaped the protective duty. The Board finds that this "badami" paper is now imported for use mainly as writing paper and has recommended that it should be treated accordingly and, like all other writing papers, subjected to the protective duty. The other recommendations for the most part represent, with slight modifications, existing assessment practice.

3. The Government of India accept the recommendations of the Board generally, but consider that such of them as require to be given effect to by legislation, viz., the recommendations in respect of envelopes and coated papers, are not so important as to justify the introduction of a Bill, specially for that purpose. They propose, however, to place proposals to implement them before the Legislature when a convenient opportunity presents itself. To give effect to the other recommendations of the Board, the Government of India have issued to-day the executive instructions for the guidance of Customs Officers which are set out as an appendix to this Resolution.

4. The foregoing decision involves a not inconsiderable extension of the range of protection now enjoyed by the Indian paper making industry and the Government of India are of opinion that it affords an appropriate opportunity for reviewing the necessity or desirability of maintaining the extra measure of protection which was fortuitously afforded to the paper industry, as to other protected industries, by the imposition of the revenue surcharge of 25 per cent in 1931. With the exception of the match industry where the original protective duty had already been completely effective in excluding competitive imports, the paper industry is the only protected industry which still enjoys this fortuitous advantage. The Government of India propose therefore to undertake forthwith a departmental enquiry as to whether the continuance of the surcharge on the paper protection duties is any longer justifiable. Firms or persons who desire that their views on this question should be considered by the Government of India should address their representations to the Secretary, Commerce Department, Government of India, on or before 30th June 1936.

APPENDIX.

As a result of the report of the Indian Tariff Board on the classification of paper for tariff purposes the Government of India have decided that the following types of paper shall be classified as follows:—

(1) As writing paper,—Hard sized duplicator paper, hard sized white and buff or badami mechanical paper.

(2) As printing paper,—Unglazed thin news coloured (other than deep blue) of substance above 10 lb. demy, unglazed thin news white, buff or badami of substance above 7½ lb. demy, cover paper including machine glazed dressings and wrappings over 24 lb. demy and cartridge paper below 24 lb. demy, soft sized duplicator paper, soft sized white and buff or badami mechanical paper of substance above 7½ lb. demy.

2. Buff and badami papers mean papers in the manufacture of which no dyes or pigments have been added.

The following notification of the Government of India is republished —

DEPARTMENT OF INDUSTRIES AND LABOUR.

Simla, the 23rd May 1936.

No. M.-935.—In exercise of the powers conferred by sections 29 and 31-A of the Indian Mines Act, 1923 (IV of 1923), as amended by the Indian Mines (Amendment) Act, 1935 (XI of 1935), the Governor-General in Council is pleased to make the following temporary regulations, having satisfied himself that for the prevention of apprehended danger or the speedy remedy of conditions likely to cause danger it is necessary in making these regulations to dispense with the delay that would result from their previous publication and reference to Mining Boards:—

TEMPORARY REGULATIONS FOR COAL MINES.

1. (1) These regulations may be called the Coal Mines (Temporary) Regulations, 1936.

(2) They shall apply only in respect of coal mines.

2. In these regulations, unless there is anything repugnant in the subject or context—

(a) "the principal Regulations" means the Indian Coal Mines Regulations, 1926;

(b) "the District Magistrate", in relation to any mine, means the District Magistrate as defined in the principal Regulations.

3. (1) The owner, agent or manager of every mine shall keep in the office at the mine a plan showing the system of ventilation in the mine, and, in particular, the general direction of the air-currents, the points where the quantity of air is measured and the principal devices for the regulation and distribution of the air. So far as practicable, the intake airways shall be coloured blue and the return airways red.

(2) The positions of any underground explosive stations and telephones shall be indicated on the plan.

(3) The code of signs set out in Schedule I to these Regulations shall be utilised in plans made under this regulation.

(4) Regulations 15 and 16 of the principal Regulations shall apply to any plan made under this regulation as if such plan had been prepared under Chapter II of the principal Regulations.

4. (1) All structures and supports at the tops of shafts and the covering of all shafts sealed off or covered for ventilation purposes shall be made of non-inflammable material.

Provided that this sub-regulation shall not apply to beams for the support of cage keeps or of platforms or to wooden headgears of such beams and headgears were in use on the date on which these regulations come into force.

(2) All air-crossings in main intake or main return airways and all ventilation or separation doors in any fan house or fan drift and in the vicinity of shaft bottoms or air-crossings in main intake or main return airways shall be constructed of non-inflammable material and shall be designed, as far as practicable, to prevent leakage.

(3) No timber or other inflammable material shall be used in the construction of or in connection with any underground engine-house or electrical sub-station switch house or motor room.

(4) This regulation shall come into operation on the first day of December 1936. The Chief Inspector may in the case of any particular mine, where he is satisfied that compliance with the provisions of this regulation is not reasonably possible by the date aforesaid, direct that this regulation shall not apply in such mine for a further period not exceeding six months from that day.

5. No oil, grease, canvas, or other highly inflammable material shall be stored underground in any mine except in a fire-proof receptacle or chamber.

6. Adequate precautions shall be taken at every mine to prevent the deposition of boiler ashes or the residue from the manufacture of coke in any coal quarry, or disused outcrop of coal or on any broken surface caused by the extraction of coal.

7. (1) No person shall light a fire or permit a fire to be lighted in any underground part of a mine.

Provided that nothing in this sub-regulation shall apply to the use of blow lamps or electric repairing apparatus if permitted by a special written order granted by the manager of the mine. The order shall specify the person to be in charge of the blow lamp or apparatus and shall require such person to bring it back to the surface when no longer required.

(2) No person shall light a fire or permit a fire to be lighted within a distance of 20 feet of the top of any shaft except in accordance with a written order granted by the manager of the mine and only for a special purpose specified in such order.

(3) All such orders shall be recorded in a paged book kept in the office of the mine.

8. Adequate means of extinguishing fire shall be provided at any part of a mine where timber, grease or other inflammable material is stored and at all insets where timber is used for the construction of the shaft and at every pithead, engine-room and electrical apparatus room.

9. (1) No coal shall be extracted from any spot which lies vertically below and within 50 feet of—

(a) any part of the bed of any river, or

(b) any spot lying within a horizontal distance of 50 feet from either bank of the river.

(2) No coal shall be extracted from any spot which lies vertically below

(a) any part of the bed of any river, or

(b) any spot lying within a horizontal distance of 50 feet from either bank of the river, except with the written permission of the Chief Inspector and subject to such conditions as he may specify.

(3) For the purposes of this regulation, where sand or alluvium are lying in the course of a river, the bed of the river at that point shall be deemed to coincide with the surface of the hard strata underlying such sand or alluvium.

10. No excavation shall be done in any part of a seam lying under any part of another seam which is on fire or is believed to be on fire or which is connected by a goaf or broken strata to any fire except by a method which will maintain the strata between the seams in safe and intact.

11. (1) On the appearance in any part of a mine of smoke or other sign indicating that a fire has or may have broken out all workmen other than those whose presence in the mine is deemed necessary for dealing with the emergency shall be immediately withdrawn from the mine. No workmen, other than the men required for dealing with or damming off the fire, shall be re-admitted until either the fire has been extinguished or the part in which it exists has been effectively dammed off and an examination has been made by the manager and the competent person appointed under regulation 72 of the principal Regulations and the mine has been reported to be safe. Every such report shall be recorded without delay in a paged book, which shall be kept at the mine for the purpose and shall be dated and signed by the manager and the competent person who made the inspection:

Provided that where a mine is mechanically ventilated, this regulation shall apply only to the ventilating district or districts that may be affected.

(2) Locked safety lamps or electric torches of a type approved by the Chief Inspector shall be exclusively used in the work of dealing with or damming off an underground fire:

Provided that where, in the opinion of the manager, it is necessary to take immediate steps to deal with an outbreak of fire, the provisions of this sub-regulation shall be deemed to have been complied with if the workmen engaged in dealing with the fire are provided with safety lamps or electric torches as quickly as is reasonably practicable.

(3) During the work of dealing with or damming off an underground fire a cage or cages containing small birds or mice shall be kept at all places in which persons may be in danger from noxious gases.

12. When smoke or other indication of outbreak of fire or a dangerous influx of noxious gases occurs in or about a mine, the owner, agent or manager of the mine shall forthwith inform the Inspector by telephone or telegraph, and shall also, within twenty-four hours of such occurrence send notice thereof in the form contained in Schedule II to these Regulations to the District Magistrate, or to the Sub-Divisional Magistrate, who shall forward it to the Chief Inspector.

13. (1) Locked safety lamps or electric torches of a type approved by the Chief Inspector shall be exclusively used in any ventilating district of a mine in which there is an underground fire whether such fire is sealed off by stoppings or not:

Provided that the Chief Inspector may, in the case of any mine, grant exemption from this regulation, if, in his opinion, the use of safety lamps or electric torches in such mine is not necessary.

(2) This regulation shall not come into force till the 1st day of July 1938.

14. In any ventilating district of a mine which is not naturally wet throughout and in which there is an underground fire, whether sealed off or not, the following precautions with respect to danger from dry coal dust shall be taken:—

(a) All haulage and tramming roads shall be systematically kept clear of accumulations of dry coal dust.

(b) All such roads shall be systematically treated with water or incombustible dust in such a manner as to prevent an explosion from being initiated or propagated by coal dust. If incombustible dust is used for the purpose, it shall be of a kind which is not likely to be injurious to the health of workmen.

15. In any working mine in which a fire is known or is believed to exist—

(a) adequate precautions shall be taken to prevent the passage of air from the mine through any goaf or broken strata connected with the fire; and

(b) no work shall be done in any part of the mine which is not effectively sealed off from any such goaf or broken strata.

16. Inspections—

(a) under regulation 70 of the principal Regulations in the region of an underground fire, or

(b) of any stoppings made to control a fire, or

(c) under regulation 72 of the principal Regulations where the danger arises from fire or noxious gases,

shall be made with a locked safety lamp of the flame-type and a cage containing mice or small birds or other means of detecting carbon monoxide gas approved by the Chief Inspector.

Madras, 25th May 1936.

In the office memo R.O.C. No. 7074/36 E-7, dated 2nd April 1936, the temporary President of the Angalakuruchi Panchayat Board was directed under section 43 (1) of the Madras Local Boards Act, 1920, to show cause why he should not be removed from office for failure to arrange for the conduct of election of president in spite of clear instructions to do so and again in this office letter R.O.C. No. 7074/36-E 7, dated 28th April 1936, the temporary president was directed to fix a date for the conduct of election of president within ten days from the date of receipt of the letter. Though the above letter was sent by registered post and the ack nowledgment has been received, the temporary president has not even fixed the election of president, nor has he reported reasons for his failure to hold the election.

In exercise of the powers delegated to him by the Local Government under section 23A of the Madras Local Boards Act, 1920, as in virtue of the powers conferred under section 43 (1) of the said Act, the Inspector of Municipal Councils and Local Boards hereby removes K.S.Sy. Alagarthy Panakalaraya Varma Garu, temporary President, Angalakuruchi in the Tenali taluk of Guntur district, from the office of the temporary president of the said panchayat board.

In this office memo R.O.C. No. 7666/34, dated 11th March 1936, the President of the Kuttalam Panchayat Board in the Mannargudi taluk of the Tanjore district was directed under section 43 (1) of the Madras Local Boards Act, 1920, as amended, to show cause why he should not be removed from office for the following reasons :—

(1) He had not written the cash book after 1st April 1935.

(2) He had not deposited the panchayat funds in the Postal Savings Bank and he was keeping them in his custody.

(3) He had not conducted monthly meetings of the board after 4th May 1935.

(4) He had not done any work to improve the administration of the board.

The explanation of the president in his letter, dated 30th March 1936, is thoroughly unsatisfactory and unacceptable. The fact that he has not only delayed the lodging of panchayat funds in the Postal Savings Bank but wants further time for doing so clearly warrants the inference that he has temporarily misappropriated them. In exercise of the powers delegated to him by the Local Government under section 23A of the Madras Local Boards Act, 1920, and in virtue of the powers conferred on him under section 43 (1) of the said Act, the Inspector of Municipal Councils and Local Boards hereby removes M.R.Ry. Patlabhirama Ayyar Avargal President Panchayat Board, Kuttalam, Nannilam taluk, Tanjore district, from the office of the president of the said panchayat.

A. McG. C. TAMPOE,
Inspector of Municipal Councils and Local Boards.

3. Tenders should be superscribed "Tender for sandalwood" and sent by insured post to the Conservator of Forests, Salem Circle, Salem [Madras Presidency], so as to reach him on or before 11 a.m. on Wednesday, the 15th July 1936, on which date tenders will be opened

4. Each tender should be accompanied by an earnest money deposit of Rs. 1,000 in the form of currency notes for Rs. 1,000 or Rs. 500. A receipted Madras Government Treasury chalan for the amount will also be accepted

II-24

5. Each tender must specify the rate at so much per ton of 2,240 lb. for each lot of sandalwood desired, both in figures and in words. No tender for part of a lot will be accepted.

6. Earnest money deposits of unsuccessful tenderers will be returned immediately after the tenders are disposed of, and that of successful tenderers will be adjusted against the first instalment of the purchase money.

7. Each tenderer if he tendered rate for any particular lot is accepted by the Conservator of Forests, Salem Circle, Salem, will be furnished with a memorandum showing the total amount due from him. He shall remit 25 per cent of this money, less the earnest money deposit referred to in paragraph 4 above, into the Imperial Bank of India at Vellore or Madras or the Reserve Bank of India, Madras, within seven days from the date of receipt of the memorandum and another 25 per cent before the 15th August 1936, the balance 50 per cent being paid on or before the 15th September 1936, or against delivery whichever is earlier. Should any successful tenderer fails to make the necessary remittance by the due dates the money already remitted will lapse to Government and the District Forest Officer, Vellore West division, Tirupattur, North Arcot district, will be at liberty to re-sell the wood in question at the risk of the successful tenderer who shall be liable for any loss, but shall not participate in any profit which may arise by the resale.

8. After 50 per cent of the entire sale value has been paid to the credit of the Forest Department, delivery of sandalwood shall be made to the successful tenderer, provided that until full payment has been made, a quantity of wood equivalent to 25 per cent of the full sale value shall remain unremoved but paid for.

9. On the successful tenderer's presenting chalans as proof that 50 per cent of the entire sale value has been paid, a proportion of the wood purchased will be weighed in his or his agent's presence and the quantity handed over to him as provided for in condition 8 *supra*. If, however, proof is produced that the entire sale value has been paid the whole sandalwood purchased will be weighed and handed over. The successful tenderer must take delivery of and remove the whole of the wood sold to him on or before the 15th October 1936

Should any excess over the quantity paid for be found in the quantity purchased when weighing at the time of delivery, the excess will be paid for by the successful tenderer at the rate at which it was originally purchased, before effecting removal. If any one successful tenderer has purchased more than one lot or class and if there is any excess in one lot or class and deficit in the other, when weighing at the time of delivery as a particular day, the value of the deficit noted, calculated at the rate at which the main lot or class was sold will be adjusted towards the value of excess quantity noticed in the other lot or class as the case may be, and the balance, if any, still due from the successful tenderer will be collected before permitting him to remove the quantity delivered during the day. However, the net quantity delivered results in a deficit on account of damage over the recorded quantity at the time of tender, the value of the deficit quantity at the tendered rate will be refunded in due course.

10. The successful tenderers, when deputing their agents to take delivery must furnish each agent with a power-of-attorney duly stamped and bearing the signature of the person so deputed. A copy of the power-of-attorney must also be sent to the District Forest Officer, Vellore West division, Tirupattur, North Arcot by post with four specimen signatures of the agent. Failing these, delivery may be refused pending verification, in which case the delay will count against the successful tenderer.

11. No further cleaning or classification of sandalwood will be undertaken by the Forest Department, nor will tenderers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest Department must be accepted.

12. After the wood has once been weighed and handed over, if the successful tenderer fails to remove all the wood within the contract allowed in clause 9, demurrage will be charged at the rate of Rs. 2 per ton per diem from the last date fixed for the delivery until the wood is finally removed.

13. No sandalwood shall be removed from the depot till a license to remove it signed by the Officer of the Forest Department, who delivered the wood, shall have been obtained and till every piece of sandalwood that can be stamped has been stamped with the district "Sale Hammer."

14 The successful tenderer shall bear the cost of taking delivery of the sandalwood.

15. The tenderer should give at least seven days' notice of his intention to take delivery, to the District Forest Officer, Vellore West Tirupattur, supported by Bank remittance in token of payment. No delivery may be made on holidays.

16 The wood purchased by each successful tenderer shall be in the depot at his risk from the date of acceptance of tender until it is removed.

17 The Conservator of Forests, Salem Circle, Salem, reserves the right to accept or to reject any tender without assigning any reason.

ഇത്രയധികം തുടർന്നു നടക്കുവാനുള്ള കൊടുക്കുന്നതിൽ കവിഞ്ഞതുമായ ലാഭത്തിനു പുറമേയുണ്ടാകുന്ന നിരക്കും ഇതുതന്നെയും നിശ്ചയിക്കാവുന്നതും ;

ഉദ്ദേശകാരണങ്ങളുടെ വിവരണം.

സദ ഉണ്ടാക്കിയിട്ടുള്ള പെനിയങ്ങളിൽ നിശ്ചയിക്കപ്പെട്ട ഏതാനും കഡിഞ്ഞ അളവിൽ കൂടുതലായി കൊടുക്കുന്ന ജലത്തിനെല്ലാം ആവക പെനിയങ്ങളിൽ പറയാവുന്ന കാലങ്ങളിലും നിശ്ചയങ്ങളിന്മേലും വില കൊടുക്കേണ്ടതാണെന്നു 1930 ലെ മദിരാശി ഡിസ്ട്രിക്ട് ഗൺസിപ്പാലിറ്റി ആക്ട് (1930 ലെ 5-ാം നമ്പർ മദിരാശി ആക്ട്) 181 (4) എന്ന വകുപ്പ് വ്യവസ്ഥചെയ്യുന്നു. ടാപ്പ്-നിരക്ക (നിരക്ക ടാപ്പിനും ഇത്രയെന്നു സന്ദർഭായം സ്വീകരിച്ചു പെ നിയമങ്ങൾ ഉണ്ടാക്കുവാൻ ചില മുനിസിപ്പാലിറ്റികൾക്ക അനുവാദം നൽകിട്ടുണ്ട്. ഈ സന്ദർഭങ്ങളെപ്രകാരം, വിലയാങ്ങാതെ സൌജന്യമായി ജലംകൊടുപ്പാൻ യാതൊരു വ്യവസ്ഥയുമില്ലെന്നു മാത്രമല്ല, ഉപയോഗിച്ച ജലത്തിനെല്ലാം ഓരോ പ്രത്യേകസമയങ്ങളിലുള്ള ടാപ്പുകളുടെ എണ്ണത്തെ മാത്രം അടിസ്ഥാനപ്പെടുത്തി വിലചുമത്തുന്നതാണ്. ഈ പെനിയങ്ങളുടെ സാധുതയെപ്പറ്റി സംശയങ്ങളുണ്ടായിട്ടുണ്ട്. ആവക സംശയങ്ങൾ തീർക്കുകയും, ബില്ലിലെ നിബന്ധനകൾ പ്രാബല്യമായിവരുന്നതിനു മുമ്പു, ടാപ്പ്-നിരക്ക സന്ദർഭായത്തെ അടിസ്ഥാനപ്പെടുത്തി ഉണ്ടാക്കിയതോ പുറപ്പെടുവിച്ചതോ ചെയ്തതോ ആയ എല്ലാ പെനിയങ്ങളെയും കല്പനകളെയും ഉടമ്പടികളെയും സാധൂകരിക്കുകയും ചെയ്യാണ് ഈ ബില്ലിന്റെ ഉദ്ദേശം.

2. മേപ്പടി ആക്ടിൽ, വീട്ടാവശ്യങ്ങൾക്കല്ലാതെയുള്ള കാര്യങ്ങൾക്കായി ജലം കൊടുക്കുന്നതിനെപ്പറ്റി പ്രതിപാദിക്കുന്ന 132-ാം വകുപ്പു, വീട്ടാവശ്യത്തിനും പൊതുശൗചത്തിനും വേണ്ടി ജലം കൊടുക്കുന്നതിനെപ്പറ്റി പ്രതിപാദിക്കുന്ന 131-ാം വകുപ്പിനു യോജിപ്പുള്ളതാക്കിത്തീർക്കുവാൻ ഈ അവസരം പ്രയോഗപ്പെടുത്തിയിരിക്കുന്നു. ആദ്യം പറഞ്ഞ കാര്യവും "പൊതുവായോ പ്രയോഗമായോ ഉള്ള കല്പനകൾ" മൂലം ക്രമപ്പെടുത്തുന്നതിനുള്ള പകരം ഇനിമേൽ "പെനിയങ്ങൾ" മൂലം ക്രമപ്പെടുത്തുന്നതാകുന്നു. ഈ ബിൽ നടപ്പായി വരുന്നതിനു മുമ്പെ മുനിസിപ്പാൽ സഭകൾ ഉണ്ടാക്കിയ എല്ലാ കല്പനകൾക്കും പെനിയങ്ങളെപ്പോലെ പ്രാബല്യമുണ്ടായിരി

ക്ലോസിലിലെ 5-ാം ഖണ്ഡം നോക്കുക, വീട്ടാവശ്യങ്ങൾക്കു കൊടുക്കുന്ന മലങ്ങിന്റെ കാര്യത്തിലെന്നപോലെതന്നെ, വീട്ടുവളപ്പുകൊള്ളാത്തതായുള്ള കയ്യേറ്റങ്ങൾക്കായി കൊടുക്കുന്ന മലങ്ങിനും കൊടുക്കുന്ന വിഷയം ഉണ്ടായിട്ടുള്ളതായി കൊള്ളുന്ന വസ്തുതകൾ വസ്തുമാത്രമായ മതിലിയിലെന്നു വസ്തുമാക്കപ്പെടുന്നതല്ല മാകുന്നു.
